

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

TREATY WITH THE KINGDOM OF SIAM.

MESSAGE

FROM

THE PRESIDENT OF THE UNITED STATES,

TRANSMITTING

A copy of the treaty between the United States and the kingdom of Siam.

DECEMBER 13, 1858.—Referred to the Committee on Foreign Affairs and ordered to be printed.

To the Senate and House of Representatives:

I transmit to Congress a copy of the treaty between the United States and the kingdom of Siam, concluded on the 29th May, 1856, and proclaimed on the 16th August last, and call the attention of that body to the necessity of an act for carrying into effect the provisions of article II of the said treaty, conferring certain judicial powers upon the consul of the United States who may be appointed to reside at Bangkok. I would also suggest that the extension to the kingdom of Siam of the provisions of the act approved August 11, 1848, entitled "An act to carry into effect certain provisions in the treaties between the United States and China and the Ottoman Porte, giving certain judicial powers to ministers and consuls of the United States in those countries," might obviate the necessity of any other legislation upon the subject.

JAMES BUCHANAN.

WASHINGTON, *December 10, 1858.*

Treaty between the United States of America and the Kingdom of Siam, concluded 29th May, 1856, ratified 16th March, 1857, ratifications exchanged 15th June, 1857, proclaimed 16th August, 1858.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Whereas a treaty between the United States of America and their majesties the first King of Siam and the second King of Siam was

concluded and signed at Bangkok on the twenty-ninth day of May, eighteen hundred and fifty-six, the English version of which treaty—the original being in the English and Siamese languages—is word for word as follows:

The President of the United States of America, and their majesties Phra-Bard, Somdetch, Phra-Paramendr, Maha, Mongkut, Phra, Chom, Klau, Chau, Yu, Hua, the first King of Siam, and Phra, Bard, Somdetch, Phra, Pawarendr, Ramesr, Mahiswaresr, Phra, Pin Klau, Chau, Yu, Hua, the second King of Siam, desiring to establish upon firm and lasting foundations the relations of peace and friendship existing between the two countries, and to secure the best interest of their respective citizens and subjects by encouraging, facilitating, and regulating their industry and trade, have resolved to conclude a treaty of amity and commerce for this purpose, and have therefore named as their plenipotentiaries—that is to say, the President of the United States, Townsend Harris, esq., of New York, Consul General of the United States of America for the empire of Japan, and their majesties the first and second Kings of Siam, his royal highness the Prince Krom Hluang, Wongsā, Dhiraj, Snidh, his excellency Somdetch, Chau, Phaya, Param, Maha, Bijai, Neate, his excellency Chau, Phaya, Sri, Suriwongse, Samuha, Phra, Kralahom, his excellency Chau, Phaya, Rawe, Wongce, Maha, Kosa, Dhipade, the Phra Klang, his excellency Chau, Phaya, Yomray, the lord mayor, who, after having communicated to each other their respective full powers, and found them to be in good and due form, have agreed upon and concluded the following articles:

ARTICLE I.

There shall, henceforward, be perpetual peace and friendship between the United States and their majesties the first and second Kings of Siam and their successors.

All American citizens coming to Siam shall receive from the Siamese government full protection and assistance to enable them to reside in Siam in all security, and trade with every facility, free from oppression or injury on the part of the Siamese. Inasmuch as Siam has no ships trading to the ports of the United States, it is agreed that the ships-of-war of the United States shall render friendly aid and assistance to such Siamese vessels as they may meet on the high seas, so far as can be done without a breach of neutrality; and all American consuls residing at ports visited by Siamese vessels, shall also give them such friendly aid as may be permitted by the laws of the respective countries in which they reside.

ARTICLE II.

The interests of all American citizens coming to Siam shall be placed under the regulations and control of a consul, who will be appointed to reside at Bangkok. He will himself conform to and will enforce the observance by American citizens of all the provisions of

this treaty, and such of the former treaty negotiated by Mr. Edmund Roberts in 1833, as shall still remain in operation. He shall also give effect to all rules and regulations as are now or may hereafter be enacted for the government of American citizens in Siam, the conduct of their trade, and for the prevention of violations of the laws of Siam. Any disputes arising between American citizens and Siamese subjects shall be heard and determined by the consul, in conjunction with the proper Siamese officers; and criminal offences will be punished, in the case of American offenders, by the consul according to American laws, and in the case of Siamese offenders by their own laws, through the Siamese authorities. But the consul shall not interfere in any matters referring solely to Siamese; neither will the Siamese authorities interfere in questions which only concern the citizens of the United States.

ARTICLE III.

If Siamese in the employ of American citizens offend against the laws of their country, or if any Siamese having so offended, or desiring to desert, take refuge with American citizens in Siam, they shall be searched for, and upon proof of their guilt or desertion, shall be delivered up by the consul to the Siamese authorities. In like manner, any American offenders, resident or trading in Siam, who may desert, escape to, or hide themselves in Siamese territory, shall be apprehended and delivered over to the American consul on his requisition.

ARTICLE IV.

American citizens are permitted to trade freely in all the seaports of Siam but may reside permanently only at Bangkok, or within the limits assigned by this treaty.

American citizens coming to reside at Bangkok may rent land and buy or build houses, but cannot purchase land within a circuit of two hundred seng (not more than four miles English) from the city walls, until they shall have lived in Siam for ten years, or shall obtain special authority from the Siamese government to enable them to do so. But with the exception of this limitation American residents in Siam may at any time buy or rent houses, lands, or plantations situated anywhere within a distance of twenty-four hours' journey from the city of Bangkok, to be computed by the rate at which boats of the country can travel. In order to obtain possession of such lands or houses it will be necessary that the American citizen shall, in the first place, make application through the consul to the proper Siamese officer, and the Siamese officer and the consul, having satisfied themselves of the honest intentions of the applicant, will assist him in settling, upon equitable terms, the amount of the purchase money; will make out and fix the boundaries of the property, and will convey the same to the American purchaser under sealed deeds, whereupon he and his property shall be placed under the protection of the

governor of the district, and that of the particular local authorities. He shall conform in ordinary matters to any just direction given him by them, and will be subject to the same taxation that is levied on Siamese subjects. But if through negligence, the want of capital, or other cause, an American citizen should fail to commence the cultivation or improvements of the lands so acquired within a term of three years from the date of receiving possession thereof, the Siamese government shall have the power of resuming the property upon returning to the American citizen the purchase money paid by him for the same.

ARTICLE V.

All American citizens visiting or residing in Siam shall be allowed the free exercise of their religion, and liberty to build places of worship in such localities as shall be consented to by the Siamese authorities. The Siamese government will place no restriction upon the employment by the Americans of Siamese subjects as servants, or in any other capacity. But wherever a Siamese subject belongs or owes service to some particular master, the servant who engages himself to an American citizen without the consent of his master may be reclaimed by him, and the Siamese government will not enforce an agreement between an American citizen and any Siamese in his employ, unless made with the knowledge and consent of the master who has a right to dispose of the services of the person engaged.

ARTICLE VI.

American ships-of-war may enter the river and anchor at Paknam; but they shall not proceed above Paknam unless with the consent of the Siamese authorities, which shall be given where it is necessary that a ship shall go into dock for repairs. Any American ship-of-war conveying to Siam a public functionary, accredited by the American government to the Court of Bangkok, shall be allowed to come up to Bangkok, but shall not pass the forts called Phrachamit and Pit-pach-nuck, unless expressly permitted to do so by the Siamese government. But in the absence of an American ship-of-war, the Siamese authorities engage to furnish the consul with a force sufficient to enable him to give effect to his authority over American citizens, and to enforce discipline among American shipping.

ARTICLE VII.

The measurement duty hitherto paid by American vessels trading to Bangkok under the treaty of 1833, shall be abolished from the date of this treaty coming into operation, and American shipping or

will thenceforth only be subject to the payment of import and duties on the goods landed or shipped.

the articles of import the duty shall be three per cent., payable at the option of the importer, either in kind or money, calculated on the market value of the goods. Drawback of the full amount shall be allowed upon goods found unsaleable and re-exported. If the American merchant and the custom-house officers disagree as to the value to be set upon imported articles, such disputes shall be referred to the consul and a proper Siamese officer, who shall have the power to call in an equal number of merchants as assessors, not exceeding two on either side, to assist them in coming to an equitable decision.

Opium may be imported free of duty, but can only be sold to the farmer or his agents. In the event of no arrangement being made with them for the sale of the opium, it shall be re-exported, and no impost or duty shall be levied thereon. Any infringement of the regulations shall subject the opium to seizure and confiscation.

Articles of export, from the time of production to the date of shipment shall pay one impost only, whether this be levied under the name of inland tax, transit duty, or duty on exportation. The tax to be paid on each article of Siamese produce previous to or upon exportation is specified in the tariff attached to this treaty; and it is distinctly agreed that goods or produce of any description produced in the interior shall be exempted from any further payment of duty upon exportation. American merchants are to be allowed to purchase directly from the producer the articles in which they trade, in the same manner to sell their goods directly to the parties wishing to purchase the same without the interference in either case of any person.

The rates of duty laid down in the tariff attached to this treaty are those that are now paid upon goods or produce shipped in Siamese or foreign vessels or junks; and it is agreed that American shipping shall enjoy all the privileges now exercised by, or which hereafter may be granted to Siamese or Chinese vessels or junks.

American citizens will be allowed to build ships in Siam on obtaining permission to do so from the Siamese authorities.

Whenever a scarcity may be apprehended of salt, rice and fish the Siamese government reserve to themselves the right of prohibiting by public proclamation the exportation of these articles, giving 30 (say thirty days) notice, except in case of war.

Motion pictures or personal effects may be imported or exported free of duty.

ARTICLE VIII.

The code of regulations appended to this treaty shall be enforced by the consul, with the co-operation of the Siamese authorities; and the said authorities and consul, shall be enabled to introduce

any further regulations which may be found necessary in order to give effect to the objects of this treaty.

All fines and penalties inflicted for infraction of the provisions and regulations of this treaty shall be paid to the Siamese government.

ARTICLE IX.

The American government and its citizens will be allowed free and equal participation in any privileges that may have been or may hereafter be granted by the Siamese government to the government, citizens, or subjects of any other nation.

ARTICLE X.

After the lapse of ten years from the date of the ratification of this treaty, upon the desire of either the American or Siamese government, and on twelve months' notice given by either party, the present, and such portions of the treaty of 1833 as remain unrevoked by this treaty, together with the tariff and regulations thereunto annexed, or those that may hereafter be introduced, shall be subject to revision by commissioners appointed on both sides for this purpose, who will be empowered to decide on and insert therein such amendments as experience shall prove to be desirable.

ARTICLE XI.

This treaty, executed in English and Siamese, both versions having the same meaning and intention, shall take effect immediately, and the ratifications of the same shall be exchanged at Bangkok within eighteen months from the date thereof.

In witness whereof, the above-named plenipotentiaries have signed and sealed the present treaty in triplicate at Bangkok, on the twenty-ninth day of May, in the year one thousand eight hundred and fifty-six of the Christian era, and of the independence of the United States the eightieth, corresponding to the tenth of the waning moon of the lunar month Wesakh, or sixth month of the year of the Quadraped Serpent of the Siamese civil era, one thousand two hundred and eighteen, and the sixth of the reign of their majesties the first and second kings of Siam.

General regulations under which American trade is to be conducted in Siam.

REGULATION I.

The master of every American ship coming to Bangkok to trade must, either before or after entering the river, as may be found convenient, report the arrival of his vessel at the custom-house at Paknam, together with the number of his crew and guns, and the port from whence he comes. Upon anchoring his vessel at Paknam he will deliver into the custody of the custom-house officers all his guns and ammunition, and a custom-house officer will then be appointed to the vessel, and will proceed in her to Bangkok.

REGULATION II.

A vessel passing Paknam without discharging her guns and ammunition, as directed in the foregoing regulation, will be sent back to Paknam to comply with its provisions, and will be fined eight hundred ticals for having so disobeyed. After delivery of her guns and ammunition she will be permitted to return to Bangkok to trade.

REGULATION III.

When an American vessel shall have cast anchor at Bangkok, the master, unless a Sunday should intervene, will, within four and twenty hours after arrival, proceed to the American consulate and deposit there his ship's papers, bills of lading, &c., together with a true manifest of his import cargo; and upon the consul's reporting these particulars to the custom-house, permission to break bulk will at once be given by the latter.

For neglecting so to report his arrival, or for presenting a false manifest, the master will subject himself, in each instance, to a penalty of four hundred ticals; but he will be allowed to correct, within twenty-four hours after delivery of it to the consul, any mistake he may discover in his manifest, without incurring the above-mentioned penalty.

REGULATION IV.

An American vessel breaking bulk and commencing to discharge before due permission shall be obtained, or smuggling, either when in the river or outside the bar, shall be subject to the penalty of eight hundred ticals, and confiscation of the goods so smuggled or discharged.

REGULATION V.

As soon as an American vessel shall have discharged her cargo, and completed her outward lading, paid all her duties, and delivered a true manifest of her outward cargo to the American consul, a Siamese port clearance shall be granted her, on application from the consul, who, in the absence of any legal impediment to her departure, will then return to the master his ship's papers, and allow the vessel to leave. A custom-house officer will accompany the vessel to Paknam, and on arriving there she will be inspected by the custom-house officers of that station, and will receive from them the guns and ammunition previously delivered into their charge.

REGULATION VI.

The American plenipotentiary having no knowledge of the Siamese language, the Siamese government have agreed that the English text of these regulations, together with the treaty of which they form a portion, and the tariff hereunto annexed, shall be accepted, as conveying, in every respect, their true meaning and intention.

REGULATION VII.

All American citizens intending to reside in Siam shall be registered at the American consulate; they shall not go out to sea nor proceed beyond the limits assigned by the treaty for the residence of American citizens without a passport from the Siamese authorities, to be applied for by the American consul; nor shall they leave Siam if the Siamese authorities show to the American consul that legitimate objections exist to their quitting the country. But within the limits appointed under article IV of the treaty, American citizens are at liberty to travel to and fro, under the protection of a pass to be furnished them by the American consul, and counter-sealed by the proper Siamese officer, stating in the Siamese character their names, calling, and description. The Siamese officers at the government stations in the interior may at any time call for the production of this pass, and immediately on its being exhibited they must allow the parties to proceed; but it will be their duty to detain those persons who, by travelling without a pass from the consul, render themselves liable to the suspicion of their being deserters, and such detention shall be immediately reported to the consul.

And whereas the said treaty has been duly ratified on both parts, and the respective ratifications of the same were exchanged at Bangkok, on the fifteenth day of June, eighteen hundred and fifty-seven, by Charles William Bradley, consul of the United States at Ningpo, in China, and the royal Siamese commissioners, on the part of their respective governments :

Now, therefore, be it known that I, JAMES BUCHANAN, President of the United States of America, have caused the said treaty to be made public to the end that the same and every clause and article thereof may be observed and fulfilled with good faith by the United States and the citizens thereof.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this sixteenth day of August, in the year of our Lord one thousand eight hundred and fifty-eight, and of the independence of the United States of America the eighty-third.

MAIL CONTRACTS TO FOREIGN COUNTRIES.

LETTER

FROM

THE POSTMASTER GENERAL,

COMMUNICATING

Copies of contracts for the transportation of the United States mail to foreign countries.

DECEMBER 15, 1858.—Referred to the Committee on the Post Office and Post Roads and ordered to be printed.

POST OFFICE DEPARTMENT,
Washington, December 14, 1858.

SIR: I have the honor to transmit herewith, in compliance with the requirements of the 1st section of the act of March 3, 1845, copies of the following contracts entered into with this department for the transportation of the United States mail to foreign countries, viz:

1. A contract with the New York and New Orleans Steamship Company (R. C. Crocheron, president,) for the transportation of the mail, in American steamships, from New York to Havana, (Cuba,) and from New Orleans to Havana, (Cuba,) and back, twenty-two round trips per annum, at the United States postage (sea and inland,) on the West India mails conveyed; the contract term commencing July 1, 1858, and ending June 30, 1860.

2. A contract with the Louisiana Tehuantepec Company (Emile La Sere, president,) for transporting the mail from New Orleans by Minatitlan, Suchil, Ventosa and Acapulco, to San Francisco, California and back, semi-monthly, in safe and substantial steamers between New Orleans and Minatitlan, in safe and substantial river steamers between Minatitlan and Suchil, and in post-coaches or good covered spring-wagons between Suchil and the Pacific; residue in steamers; at \$286,000 per annum, or \$250,000 per annum if mails are exchanged at or near Ventosa with the line of United States mail steamers between Panama and San Francisco; for and during the term commencing in the month of October, 1858, and ending September

30, 1859. The service commenced at New Orleans on the 27th of October, 1858, the mails to be exchanged at Ventosa with the Pacific mail steamers, so that the mail compensation is \$250,000 per annum.

3. An extension of the Pacific Mail Steamship Company's contract of 13th of March, 1851, for semi-monthly service, in steamships, between Astoria, San Francisco and Panama, at same rate of compensation (viz: \$348,250 per annum.) from the 1st of October, 1858, to the 1st of October, 1859, the date of expiration of the mail steamship contract on the Atlantic side of the Isthmus of Panama; with the further stipulation to carry, without additional compensation, between the anchorage of Ventosa, or other Pacific port of terminus of the Tehuantepec route, and San Francisco, all mails regularly transported over said route to and from New Orleans, in pursuance of the contract executed on the 8th of June, 1858, with the Louisiana Tehuantepec Company.

I annex herewith a tabular statement of the amount of United States postage on the West India mails transported by the steamers of the New York and New Orleans Steamship Company, between New York and Havana, and New Orleans and Havana, up to the 5th of December instant.

I have also to report that as the mail service performed by the steamers of the Pacific Mail Steamship Company between Panama, San Francisco, and Astoria, forms a part only of a continuous route from the Atlantic States to California and Oregon, via the Isthmus of Panama, the department has no means of ascertaining the exact proportion of the postages earned by the Pacific mail steamers. The entire amount of postage derived from the mails conveyed by the New York and California steamship lines, via the Isthmus of Panama, is, however, regularly reported to Congress in the annual reports of the Postmaster General.

I have further to add that as the mail service between New Orleans and San Francisco, by way of the Isthmus of Tehuantepec, has just gone into operation, the department is unable to furnish any statement at this time of the amount of postage upon the mails transported over that route.

I have the honor to be, sir, very respectfully, your obedient servant,

AARON V. BROWN.

HON. JAMES L. ORR.

Speaker of the House of Representatives.

This article of contract, made the thirteenth day of July, in the year one thousand eight hundred and fifty-eight, between the United States (acting in this behalf by their Postmaster General) and the New York and New Orleans Steamship Company by R. C. Crocheron, its president, and R. C. Crocheron and E. Lockwood as sureties:

Witnesseth, That, whereas the said the New York and New Orleans Steamship Company has been accepted according to law as contractor for transporting the mail in American steamships from New York to Havana (Cuba) and from New Orleans to Havana (Cuba) two trips a

month (except in July) from each of the said ports to Havana and back, making twenty-two round trips per annum from New York, and the same number from New Orleans, under the provisions of the 4th section of the act of June 14, 1858, entitled "An act making appropriations for the transportation of the United States mail by ocean steamers and otherwise, during the fiscal year ending the thirtieth day of June eighteen hundred and fifty-nine," at the United States postage (sea and inland) on the West India mails, for and during the term commencing the first day of July, in the year one thousand eight hundred and fifty-eight, and ending with the thirtieth of June in the year one thousand eight hundred and sixty.

Now therefore the said the New York and New Orleans Steamship Company contractors, and R. C. Crocheron and Elihu Lockwood as sureties, do jointly and severally undertake, covenant and agree with the United States, and do bind themselves :

1st. To carry the mails between New York and Havana and between New Orleans and Havana, twenty-two round trips per annum, in American steamships, within the times fixed in the annexed schedule of departures and arrivals, and so carry until said schedule is altered by the authority of the Postmaster General of the United States as hereinafter provided, and then to carry according to said altered schedule.

2d. To carry said mail in a safe and secure manner free from wet or other injury in a separate apartment in each ship, to be suitably fitted up under order of the department, if the Postmaster General shall require one, for the exclusive accommodation of the mail.

3d. To take the mail and every part of it from, and deliver it and every part of it into the post offices at New York, New Orleans and Havana as the case may be. They also undertake, covenant and agree with the United States, and do bind themselves jointly and severally as aforesaid, to be answerable for the person to whom the said contractors shall commit the care and transportation of the mail, and accountable to the United States for any damages which may be sustained by the United States through his unfaithfulness or want of care ; and that the said contractors will discharge any carrier of said mail whenever required to do so by the Postmaster General ; also, that they will not transmit by themselves or their agent, or be concerned in transmitting commercial intelligence more rapidly than by mail, and that they will not carry out of the mail letters or newspapers which should go by post : and that they will not knowingly convey any person carrying on the business of transporting letters or other mail matter without the consent of the department ; and further that the said contractors will convey without additional charge, free or franked matter not subject to postage, post office blanks, mail bags, and the special agents of the department on the exhibition of their credentials.

For which services when performed, the said The New York and New Orleans Steamship Company contractors are to receive as full compensation therefor, the gross amount of United States postage, sea and inland, on the United States and West India mails transported

to and from Havana, to be paid quarterly, through the postmasters on the route or otherwise at the option of the Postmaster General of the United States; said pay to be subject, however, to be reduced or discontinued by the Postmaster General as hereinafter stipulated, or to be suspended in case of delinquency.

It is hereby stipulated and agreed by the said contractors and their sureties that the Postmaster General may change the schedule whenever, in his opinion, the public interests may require a change.

It is hereby also stipulated and agreed by the said contractors and their sureties that in all cases there is to be a forfeiture of the sum of one hundred dollars when the trip is not run and no sufficient excuse for the failure is furnished, and a forfeiture of not more than fifty dollars when the running is not in accordance with the schedule, unless it is shown that the same was not caused by neglect, or want of proper skill, or misconduct, and that these forfeitures may be increased into penalties of a higher amount, according to the nature or frequency of the failure and the importance of the mail; also that fines may be imposed upon the contractors, unless the delinquency be satisfactorily explained to the Postmaster General in due time, for failing to take from or deliver at a post-office the mail, or any part of it; for suffering it to be wet, injured, lost, or destroyed; for carrying it in a place or manner that exposes it to depredation, loss or injury by being wet or otherwise; for refusing after demand to convey a mail by any steamship or steamships which the contractors run or are concerned in running on the route, beyond the number of trips above specified; or for not arriving at the time set in the schedule, unless not caused by neglect, or want of proper skill, or by misconduct. And for setting up or running an express to transmit letters or commercial intelligence in advance of the mail, or for transporting knowingly, or after being informed, any one engaged in transporting letters or mail matter in violation of the laws of the United States, a penalty of fifty dollars may be exacted for each offence and for each article so carried.

And it is hereby further stipulated and agreed by the said contractors and their sureties, that the Postmaster General may annul the contract for repeated failures; for violating the post-office laws; for disobeying the instructions of the department; for refusing to discharge a carrier or any other person having charge of the mail by his direction, when required by the department; for assigning the contract without the consent of the Postmaster General; for setting or running an express as aforesaid; or for transporting persons conveying mail matter out of the mail as aforesaid; and this contract shall in all its parts be subject to the terms and requisitions of an act of Congress passed on the twenty-first day of April, in the year of our Lord one thousand eight hundred and eight, entitled "An act concerning public contracts," and may at any time be terminated by a joint resolution of the two houses of Congress.

In witness whereof the said Postmaster General has caused the seal of the Post-Office Department to be hereto affixed, and has attested the same by his signature, and the said contractors and their

sureties have hereunto set their hands and seals the day and year set opposite their names respectively.

This article of contract made the eighth day of June in the year one thousand eight hundred and fifty-eight, between the United States (acting in this behalf by their Postmaster General) and the Louisiana Tehuantepec Company (Emile La Sere, President):

Witnesseth, that whereas the Louisiana Tehuantepec Company have been accepted according to law as contractors for transporting the mail on route No. 8162, from New Orleans by Minatitlan, Suchil, Ventosa, and Acapulco to San Francisco, California, and back, twice a month, in safe and substantial steamers between New Orleans and Minatitlan; in safe and substantial river steamers between Minatitlan and Suchil; and in post coaches or good covered spring wagons between Suchil and the Pacific; residue in steamers; the pay to be at the rate of two hundred and eighty-six thousand dollars (\$286,000) per annum, with the understanding that the mails may be exchanged with the line between Panama and San Francisco, at or near Acapulco, without change of pay; and with the further understanding that the mails may be exchanged with the aforesaid line at Ventosa or other port within a short distance of that place, at the annual compensation of two hundred and fifty thousand dollars (\$250,000) for and during the term commencing at any time between the first day of October and the first of November in the year one thousand eight hundred and fifty-eight, and ending with the thirtieth day of September, in the year one thousand eight hundred and fifty-nine: Now, therefore, the said Louisiana Tehuantepec Company, contractors, and Arnold Harris, J. P. Benjamin, Thomas G. Davidson, and Emile La Sere as sureties do jointly and severally undertake, covenant and agree with the United States, and do bind themselves:

1. To carry said mail within the times fixed in the annexed schedule of departures and arrivals, and so carry until said schedule is altered by the authority of the Postmaster General of the United States as hereinafter provided, and then to carry according to said altered schedule.

2. To carry said mail in a safe and secure manner, free from wet or other injury, in steamers and post coaches or good covered spring wagons, and in a separate and convenient apartment of each steamer, to be suitably fitted up under order of the department at the expense of the contractors for the assorting and safekeeping of the mail, and for the sole and exclusive occupation, use and accommodation of the Post office Department and its mail agent, if the Postmaster General shall require it for the use and accommodation of the mail and mail agent, and such mail agent is to be conveyed without further charge.

3. To take the mail and every part of it from, and deliver it and every part of it into each post office on the route, or that may hereafter be established on the route, and into the post office at each end of the route, and to the mail carriers on connecting routes.

They also undertake, covenant and agree with the United States, and do bind themselves jointly and severally as aforesaid to be answerable for the person to whom the said contractors shall commit the care and transportation of the mail, and accountable to the United States for any damages which may be sustained by the United States through his unfaithfulness or want of care; and that the said contractors will discharge any carrier of said mail whenever required to do so by the Postmaster General; also, that they will not transmit by themselves or their agent, or be concerned in transmitting commercial

intelligence more rapidly than by mail, and that they will not carry out of the mail letters or newspapers which should go by post, and that they will not knowingly, convey any person carrying on the business of transporting letters or other mail matter without the consent of the department; and further, that the said contractors will convey without additional charge, post office blanks, mail bags, and the special agents of the department, on the exhibition of their credentials.

They further undertake, covenant and agree with the United States, that the said contractors will collect quarterly, if required by the Postmaster General, of postmasters on said route, the balances due from them to the General Post Office, and faithfully render an account thereof to the Postmaster General in the settlement of quarterly accounts, and will pay over to the General Post Office all balances remaining in their hands.

For which services when performed, the said Louisiana Tehuantepec Company, contractors, are to be paid by the said United States the sum of two hundred and eighty-six thousand dollars for service to San Francisco or Acapulco, or two hundred and fifty thousand dollars a year to Ventosa, to wit: quarterly, in the months of May, August, November, and February, through the postmasters on the route, or otherwise, at the option of the Postmaster General of the United States; said pay to be subject, however, to be reduced or discontinued by the Postmaster General as hereinafter stipulated, or to be suspended in case of delinquency.

It is hereby stipulated and agreed by the said contractors and their sureties, that the Postmaster General may increase the service or change the schedule, he allowing a *pro rata* increase of compensation within the restrictions imposed by law for the additional service required; but the contractors may, in case of increased service or change of schedule, relinquish the contract, on timely notice, if they prefer it to the change; also, that the Postmaster General may curtail or discontinue the service in whole or in part, he allowing one month's extra pay on the amount dispensed with.

It is hereby also stipulated and agreed by the said contractors and their sureties that in all cases there is to be a forfeiture of the pay of a trip when the trip is not run, and a forfeiture of a due proportion of it when a grade of service is rendered inferior to the mode of conveyance above stipulated; and that these forfeitures may be increased into penalties of a higher amount, according to the nature or frequency of the failure and the importance of the mail; also that fines may be imposed upon the contractors, unless the delinquency be satisfactorily explained to the Postmaster General in due time, for failing to take from or deliver at a post office the mail, or any part of it; for suffering it to be wet, injured, lost, or destroyed; for carrying it in a place or manner that exposes it to depredation, loss, or injury, by being wet or otherwise; for refusing, after demand, to convey a mail by any steamer, post coach, or wagon which the contractors run, or are concerned in running, on the route, beyond the number of trips above specified; or for not arriving at the time set in the schedule. And for setting up or running an express to transmit letters or com

mercial intelligence in advance of the mail, or for transporting knowingly, or after being informed, any one engaged in transporting letters or mail matter in violation of the laws of the United States, a penalty of fifty dollars may be exacted for each offence, and for each article so carried. And no fines or forfeitures shall be remitted for failures arising from a want of a suitable road, or for obstacles presented by the insufficiency of the river navigation, or of the bays at either terminus of the route.

It is hereby further stipulated and agreed by the said contractors and their sureties that the Postmaster General may annul the contract for repeated failures; for violating the Post Office laws; for disobeying the instructions of the department; for refusing to discharge a carrier or any other person having charge of the mail by their direction, when required by the department; for assigning the contract without the consent of the Postmaster General; for setting up or running an express as aforesaid; or for transporting persons conveying mail matter out of the mail as aforesaid; or whenever the contractors, or either of them, shall become a postmaster, assistant postmaster, or member of Congress; and this contract shall in all its parts be subject to the terms and requisitions of an act of Congress passed on the twenty-first day of April, in the year of our Lord one thousand eight hundred and eight, entitled "An act concerning public contracts."

And it is also hereby further stipulated and agreed that this contract is made contingent upon the continuance of mail service on the Pacific in connection with the Panama or other transit route and San Francisco, and that if no contract or agreement for such service is concluded, then this contract shall in all respects be null and void.

In witness whereof the said Postmaster General has caused the seal of the Post Office Department to be hereto affixed, and has attested the same by his signature, and the said contractors and their sureties have hereunto set their hands and seals, the day and year set opposite their names respectively.

WASHINGTON, D. C.

It is hereby mutually agreed between the United States of America, acting in this behalf by their Secretary of the Navy and Postmaster General, of the one part, and the Pacific Mail Steamship Company, acting by their President, of the other part, that the contract between the United States and said company, a copy of which is hereto annexed bearing date March 13, 1851, shall be and is hereby extended in every particular until the first of October, 1859; with this understanding, however:

Whereas it has been represented to the Post Office Department that the transit over the Isthmus of Tehuantepec, including the harbors at the termini, will be within the month of October, 1858, practicable for the prompt, regular, and secure transportation of the mails; and whereas the Post Office Department did, in pursuance thereof, on the 8th day of June, 1858, contract with the Louisiana Tehuantepec Company for the transportation of the mails between New Orleans and Ventosa, or other Pacific terminus of the Tehuantepec transit:

Now therefore, it is hereby mutually agreed, in order to perfect said Tehuantepec service by providing a connexion on the Pacific Ocean, as follows:

The Pacific Mail Steamship Company shall carry, without additional compensation, between the anchorage of Ventosa or other port of terminus on the Pacific and San Francisco, the mails which shall be regularly transported between New Orleans and such Pacific terminus in pursuance of the aforesaid contract, said mails to be carried by the Pacific mail steamers on their regular trips between Panama and San Francisco as now arranged; it being understood however, that the Pacific Mail Steamship Company shall be at liberty to run a small steamer between Acapulco and Ventosa, and form when practicable a regular connection at Acapulco with the mail steamers between Panama and San Francisco; and that to this end the schedule of the Tehuantepec service shall be arranged to conform to the schedule of the Pacific mail steamers.

And it is also further agreed, that if required by the Secretary of the Navy and the Postmaster General, the said Pacific Mail Steamship Company will at any time execute a contract in regular form, embracing all the stipulations in the original contract of 13th March, 1851, together with the additional provisions herein agreed upon with reference to the mails to be transported across the Isthmus of Tehuantepec.

In witness whereof the parties have hereunto set their hands and

affixed their seals the sixteenth day of June, in the year of our Lord one thousand eight hundred and fifty-eight.

THE PACIFIC MAIL STEAMSHIP COMPANY, [SEAL.]

By WM. H. DAVIDGE,
President.

Attest:

FREDERICK HOFFMAN,
Secretary.

Whereas in the act of Congress making appropriations for the naval service of the United States, approved by the President on the 3d of March, 1851, it is provided, "That the Secretary of the Navy and the Postmaster General be authorized, by and with the consent of the contracting parties respectively, to rearrange the running of the United States Mail Steamships, so as to afford more direct despatch between the ports of the United States and the Isthmus of Panama: *Provided*, that the Postmaster General shall maintain a semi-monthly mail between Charleston, Savannah, and Havana, during the continuance of the Sloo contract; and also to make the service from Panama to California and Oregon conform with the service required by the existing contract on the Atlantic side of the Isthmus, by increasing the trips of the Pacific line to semi-monthly: *Provided*, that the said increased service on the Pacific side shall be at a rate not exceeding seventy-five per cent. upon the amount now paid for Pacific service, and to be performed in steamships built according to the specifications and subject to all the clauses of the A. Harris contract beneficial to the United States. And the Postmaster General is hereby authorized to include in this arrangement such a provision for the transportation of the letter mails only in the steamships of the said contractors, running between New York and Chagres, and as, in his opinion, the public service may demand, not exceeding in the whole the amount herein limited: *Provided*, that whenever a better route between the Atlantic and Pacific oceans is established, the Secretary of the Navy and the Postmaster General are authorized to agree with the present contractors for the Pacific line to change the terminus of the additional semi-monthly service hereby authorized, so as to secure the advantage of increased despatch and economy; and in case the reduction of compensation for the change of service be not agreed on between the parties, the same shall be referred to Congress."

Now therefore, in pursuance of said law, it is hereby agreed between the United States of America, acting in this behalf by their Secretary of the Navy and their Postmaster General, of the one

part, and the Pacific Mail Steamship Company, acting in this behalf by William H. Aspinwall, their president, assignee of the A. Harris contract, of the other part:

1st. That the said company shall, within one year from this date, increase the said Pacific line to six ocean steamships, four of which shall severally be of not less than one thousand tons burden, and the other two of not less than six hundred tons burden each, and all of which shall in all respects conform to the requisitions of said contract, and employ them when said line shall be so increased in transporting the United States and foreign mails from Panama to San Diego, Monterey, San Francisco, and Astoria in Oregon, touching, if practicable, at Scottsville near the mouth of the Umpqua river, and at such other intermediate ports on the coast of Oregon or California as, in the opinion of the Postmaster General, the public interest may require.

2d. That the ships thus provided and in service shall perform a regular semi-monthly service, or delivery of mails, at each of the ports aforesaid, leaving Panama and Astoria twice each month, at such time as may be from time to time prescribed by the said Secretary of the Navy and Postmaster General, and making the said trips from Panama to Oregon, and from Oregon to Panama, in not more than twenty-five days from port to port, stopping and delivering mails at and into the post offices at all the intermediate ports above mentioned, into the post office at the northern terminus of the route, and to such other contract office or agent at Panama as the Post Office Department shall direct.

3d. That for the increased service thus rendered beyond the stipulation of the original contract with the said Harris, the said company shall be paid by the said Secretary of the Navy the sum of one hundred and forty-nine thousand two hundred and fifty dollars (\$149,250) per annum, payable quarterly at the expiration of each quarter, on the last days of March, September, and December, beginning on the commencement of such service after such line is increased as aforesaid, and ending on the last day of September, 1858, being the termination of said A. Harris contract.

4th. That the Postmaster General shall have the right of sending any letter mails by any of the ships the said company may run between New York and Chagres at any time during the period aforesaid, without any additional charge to the government.

5th. And it is hereby further agreed that the said company shall receive on board each ship, and suitably accommodate, without charge to the United States government, an agent to be appointed by the Postmaster General, who shall have charge of the mails to be transported therein, whenever the Postmaster General shall so direct; and that safe and convenient apartments on board said ships shall be provided for said mails and agent by the said company. And further, that the said company will convey without additional charge, post office blanks, mail bags, mail locks and keys, and also the special agents of the Post Office Department on the exhibition of their credentials from the Postmaster General.

6th. It is hereby further stipulated and agreed by the said com-

pany that the Postmaster General may from time to time make any reasonable change in the schedule of running, or times of arrivals and departures; and may also from time to time, increase the service, he allowing an increase of compensation within the restrictions imposed by law for the additional service required.

7th. It is hereby also stipulated and agreed by the said company that in all cases there is to be a forfeiture or deduction of the pay of a trip when the trip is not run; a forfeiture or deduction of at least one-fourth part of it when the running is so far behind time as to lose connexion with a depending mail, unless not caused by neglect or want of proper skill or misconduct; and a forfeiture or deduction of a due proportion of it when a grade of service is rendered inferior to the mode of conveyance above stipulated; and that these forfeitures may be increased into penalties of higher amount according to the nature or frequency of the failure, and the importance of the mail, also that fines may be imposed upon the company unless the delinquency be satisfactorily explained to the Postmaster General in due time, for failing to take from or deliver the mails into the post offices at Panama, Astoria, and the intermediate ports above mentioned; for suffering it to be wet, injured, lost or destroyed while on board of their steamships; for carrying it in a place or manner that exposes it to depredation, loss or injury by being wet or otherwise; for refusing, after demand and tender of proper compensation not exceeding a due proportion of the pay, to convey a mail by any steamship which the company runs, or is concerned in running on the route, beyond the number of trips above specified; or for not arriving at the time set in the schedule, unless not caused by neglect or want of proper skill, or by misconduct. And for setting up or running an express to transmit letters or commercial intelligence in advance of the mail, or for transporting, knowingly, or after being informed by the department or its agents, any one who shall transport, or be engaged in transporting letters or mail matter in violation of the laws of the United States, a penalty of five hundred dollars may be exacted for each offence and for each article so carried. And it is also understood and agreed that no payment is to be made under this contract at any time before Congress shall have made the appropriation necessary for that purpose: but payment shall be made according to such appropriation.

8th. The parties hereto reserve the adjustment for the terms of the service on a better route between the two oceans until such a route is established and the extent of the change can be ascertained. And it is further expressly stipulated and agreed, that no member of Congress shall be admitted to any share or part of this contract or agreement, or to any benefit to arise therefrom, except as a stockholder in said company, and according to the provisions of the second section of an act of Congress passed April 21. 1808, entitled "An act concerning public contracts."

In testimony of all which agreements and stipulations, the said United States have caused this contract to be executed in their behalf by their said Secretary of the Navy and Postmaster General,

and the said the Pacific Mail Steamship Company have hereunto affixed their corporate seal, and caused the same to be attested by the signature of their president, this thirteenth day of March, anno Domini one thousand eight hundred and fifty-one.

VISITATION OF AMERICAN VESSELS BY OFFICERS OF
THE BRITISH NAVY.

MESSAGE

FROM THE

PRESIDENT OF THE UNITED STATES,

IN ANSWER

*To a resolution of the House of Representatives calling for information
in reference to reported acts of visitation by officers of the British
navy of American vessels in the waters of the Gulf of Mexico.*

DECEMBER 16, 1858.—Referred to the Committee on Foreign Affairs and ordered to be
printed.

EXECUTIVE OFFICE,
Washington, December 15, 1858.

SIR: In compliance with a resolution of the House of Representatives of the 13th instant, requesting the President of the United States (if not inconsistent with the public interest) "to communicate all information in his possession, or which may shortly come into his possession, respecting the reported recent acts of visitation by officers of the British navy of American vessels in the waters of the Gulf of Mexico," I transmit the accompanying reports from the Secretaries of State and of the Navy. The report from the Secretary of State is not, in strictness, embraced by the terms of the resolution, but I deem it advisable to communicate to the House the information therein contained.

JAMES BUCHANAN.

Hon. JAMES L. ORR,
Speaker of the House of Representatives.

DEPARTMENT OF STATE,
Washington, December 15, 1858.

The Secretary of State, to whom was referred the resolution of the House of Representatives of the 13th instant, requesting the Presi-

dent, if not inconsistent with the public interests, to communicate to that House "all information in his possession, or which may shortly come into his possession, respecting reported recent acts of visitation by officers of the British navy of American vessels in the waters of the Gulf of Mexico," has the honor to report that no official information concerning these proceedings has been received by this department.

As connected, however, with the general subject of the resolution of the House, the Secretary of State has the honor to submit herewith extracts from a despatch to this department, received on the 14th instant, from the minister of the United States in London, which reports a conversation had by him on the 26th ultimo with Lord Malmesbury, her Majesty's principal Secretary of State for Foreign Affairs. In relation to the first paragraph of this reported conversation, referring to a communication supposed to have been made by the British minister at Washington to the President, it is deemed proper, for the purpose of correcting an evident misapprehension, to transmit herewith the accompanying copy of a note from Lord Napier, which, with his lordship's consent, is placed at the disposal of the President.

By direction of the President the Secretary of State also transmits herewith a copy of his note to the minister of the United States at Madrid, dated October 21, 1858, and extracts from the reply of that minister, dated November 15, and received yesterday at this department, together with the copy of a memorandum, which accompanied it, of the Spanish minister's observations, as furnished by the Assistant Secretary of State at Madrid.

Respectfully submitted.

LEWIS CASS.

The PRESIDENT.

Mr. Dallas to Mr. Cass.

[Extract.]

No. 138.]

LEGATION OF THE UNITED STATES,
London, November 26, 1858.

SIR: Having just returned from the foreign office, I have the honor to report the substance of my conversation with the Earl of Malmesbury. After receiving me with frankness and cordiality, his lordship said that he had invited the interview because he was aware that my letters for Washington would go forward to-morrow, and he wished me to convey in them some few remarks from him.

1. Lord Napier had communicated to the President the treaty negotiated by Sir W. G. Ousely with the minister from Nicaragua. It was believed that no objection was expressed to its provisions. One of its objects was to terminate the Mosquito protectorate.

2. Sir W. G. Ousely was by this time at Nicaragua, and would exert himself to obtain the ratification of the treaty, in doing which

it was indispensable that he should be protected by the presence of a naval force from any violence meditated by filibusters.

3. The two governments harmonized perfectly in their determination to arrest or crush the ravages of General Walker and his associates. Nothing could be more entirely just and satisfactory than the President's proclamation.

4. He had, however, been much surprised at the contents of a recent letter from Lord Napier, which stated that General Cass considered the orders issued for the protection of Sir W. G. Ousely to be incompatible with the Clayton-Bulwer treaty. Those orders were to the effect that if the government of Nicaragua required, for their defence from filibusters, the active intervention of military power, a suitable armed force was to land, seize the offenders, and hand them over, if American, to the nearest authority of the United States; having done this to retire immediately. His lordship could not understand why such a proceeding should be regarded as in violation of that article of the treaty which interdicted "occupation," [dominion;] especially as a clause of the Cass-Irisarri treaty, with which this government found no fault, but, on the contrary, desired to see effected, provided for exactly the same sort of temporary assistance. It was impossible to allow their diplomatic representative to have his object cut short by marauders. When the treaty was disposed of there would be an end of their interference. Thus far as to Central America.

5. In regard to Mexico, his lordship described Spain as extremely irritated by the cruelties inflicted upon Spaniards, and as threatening to send a fleet to punish and exact redress. England, however, had successfully persuaded delay. Mexico was in so distracted a condition that she could scarcely be said to have a responsible government. England had herself been grossly outraged in the person of Mr. Hanson, whose treatment could best be resented, in the opinion of the law officers of the crown, by a British fleet sent to Tampico. Her Majesty's government, however, were averse to any strong measure, which might make things worse than they already are, and the severity of which would probably fall upon the innocent. It was difficult to say to what result the disordered state of Mexico must lead if the nations interested in her well-being forebore to intervene.

* * * * *

My solicitude in this narrative has been to give the leading ideas of Lord Malmesbury. Of course, he was not unfrequently interrupted by comments from myself, which led to collateral explanations. Among other things, I remarked that the provision in the Cass-Irisarri treaty, which seemed to me rather to carry out than to violate the Clayton-Bulwer treaty, by securing for all equally the safe and uninterrupted transit, was essentially different in its character from Admiralty orders which, amid the struggles of parties, left to the discretion of naval officers whom to recognize as the *de facto* government of Nicaragua and whom to denounce for British pursuit and dispersion as filibusters. If the popular party, now in motion, acquired strength, their adversaries would, as a matter of course, brand them with that odious name and call for British succor; thus in

stalling foreign troops to settle the political destinies of the country. That was a consequence to which the President and people of the United States could not be supposed insensible, which of all things was most repugnant to the spirit and terms of the Clayton-Bulwer treaty; and which could not possibly follow from the application, as contemplated by General Cass, of merely such temporary force as might be thought by Nicaragua herself necessary to keep the transit open for the common convenience. His lordship insisted that both landings, in the two cases, were equally right or equally wrong; he esteemed them to be right, and certainly any attempt by filibusters to defeat the operations of Sir W. G. Ousely would be put down.

I also incidentally remarked that I regretted that his lordship had expressed some leaning in favor of Mr. Belly's project. He disclaimed having done so. Mr. Belly was patronized neither by England nor France. He was a speculating adventurer. It was immaterial by whom the work of opening the transit was effected. If any of the citizens of the United States held an unexpired or unforfeited contract he would be entitled to go on. He was not intimate with the merits of the several claimants to contracts.

Again, in the course of the interview I referred, with probably an obvious feeling, to the alleged "*joint note*" addressed by the French and British ministers to our government, respecting Mr. Belly's contract. He promptly and emphatically denied that anything of the sort had been written or ever contemplated.

The rumor of the morning, coming direct from Paris, was adverted to, that an Anglo-French fleet had orders to proceed to the Gulf of Mexico. That rumor, he said, had lowered the funds; it was nevertheless utterly destitute of foundation.

I can perceive that the discovery of the golden sands in Frazer river, leading to the creation of the new colony of British Columbia, has increased the solicitude for Isthmian routes of transit. In other respects the pacific dispositions of this government do not appear to have changed. Lord Malmesbury several times remarked that it was best to accomplish one aim at a time; that the disrelished protectorate of the Mosquitos was finally disposed of in Sir William's treaty; that as soon as the English guarantee applied to the Nicaraguan route, capital, science, and labor would hasten to accomplish the work, however formidable it appeared.

* * * * *

I have the honor to be, sir, your most obedient servant,
G. M. DALLAS.

[Private.]

H. B. M. LEGATION,
Washington, December 15, 1858.

MY DEAR SIR: I have the honor to acknowledge the receipt of your letter marked "private" of yesterday's date, referring to an account

which had reached you from Mr. Dallas recapitulating a conversation which that minister had recently held with the Secretary of State for Foreign Affairs.

The Earl of Malmesbury is reported to have stated on that occasion that "Lord Napier had communicated to the President the treaty negotiated by Sir William Gore Ouseley with the minister from Nicaragua. It was believed that no objection was expressed to its provisions. One of its objects was to terminate the Mosquito protectorate."

I conceive that what the Earl of Malmesbury intended to convey to Mr. Dallas was this:

"Lord Napier has imparted verbally to General Cass the general sense of a projected treaty, which Sir William Gore Ouseley is instructed to negotiate with Nicaragua, one of the objects of which is to terminate the Mosquito protectorate, and to which no objection was expressed by the United States government."

I have not had the honor of holding any personal communication with the President on this subject.

In so far as I am informed, no treaty has as yet been concluded by Sir William Gore Ouseley with any agent on the part of Nicaragua.

I remain, my dear sir, yours, very truly,

NAPIER.

Hon. LEWIS CASS, *Secretary of State*.

DEPARTMENT OF STATE,
Washington, October 21, 1858.

SIR: Late arrivals from Europe bring us reports that a naval and military armament is about to leave Spain, destined to attack Mexico, with a view, it is rumored, to acquire political ascendancy there, taking advantage of the distracted condition of that unfortunate republic. Under these circumstances, I have thought it proper to ask your attention to this subject.

You are aware of the position taken by the United States, that they will not consent to the subjugation of any of the independent States of this continent to European powers, nor to the exercise of a protectorate over them, nor to any other direct political influence to control their policy or institutions. Recent circumstances have given to this determination additional strength, and it will be inflexibly adhered to, whatever may be the consequences.

The subject is familiar to you and needs no illustration. I do not desire you to draw the attention of the Spanish ministry to it by any formal communication; but it would be well to embrace such favorable opportunities as may present themselves to bring the matter

incidentally to the attention of the Minister of Foreign Affairs, and to make known the interest which this government attaches to this subject; reminding him, at the same time, of the policy concerning it which has been repeatedly declared by the United States, and which will, in all human probability, never be departed from.

With respect to the causes of war between Spain and Mexico the United States have no concern, and do not undertake to judge them. Nor do they claim to interpose in any hostilities which may take place. Their policy of observation and interference is limited to the permanent subjugation of any portion of the territory of Mexico, or any other American State, to any European power whatever.

It is very desirable that this government should know whether Spain is about to send a force to Mexico, and if so, what is its strength, and also what are the alleged causes and the avowed designs. I will therefore thank you to communicate all the information you can procure upon these points, and upon any others connected with this subject, which you may deem important.

I am, sir, your obedient servant,

LEWIS CASS.

AUGUSTUS C. DODGE, Esq.,

No. 96.]

UNITED STATES LEGATION,
Madrid, November 15, 1858.

SIR: I had the honor on the 13th instant to receive your No. 66, dated the 24th ultimo, asking information respecting the threatened hostilities between Spain and Mexico, and expressing the well known determination of the United States to resist the subjugation by European powers of any of the independent States of our continent, with a view to the exercise of a protectorate or any other political influence over the policy and institutions of such States.

On the same day I sought and obtained an interview with Mr. Calderon Collantes, her Catholic Majesty's Minister of State, causing your despatch to be read and translated to him, and at his request I have since furnished him with a copy of the same.

He took no exception whatever to any of the views or determinations therein expressed. He assured me most earnestly that in the movement which duty, honor, and self-respect had constrained his government to make against Mexico, Spain had not the most remote intention of interfering with the well known policy of the United States as expounded by Mr. Monroe and reiterated by yourself, or of attempting anything for the present more than to afford protection to her citizens and obtain redress for injuries done them; he averring that they had been robbed and maltreated in the most inhuman

manner. He said that they would not receive back nor attempt to govern Mexico nor any of the South American States were she or they to request such government to-morrow; that all Spain expected or desired in that quarter was the retention in peace of her present possessions. He went on to say that the enormities recently perpetrated upon his countrymen were of such an atrocious character as to demand the presence of a suitable naval force off Vera Cruz and Tampico, but that no troops to operate on land had been sent, and that the officers in command had been instructed to avoid, if possible, any conflict with the Mexicans.

As explanatory of what has been done and the reasons for doing it, I send you a translation (No. 1) of a memorandum of the observations of the minister of state, furnished to me after the interview by J. T. Comyn, esq., assistant secretary of state, a gentleman who, when holding a diplomatic situation in London, was well known to President Buchanan.

* * * * *

* * * You will remember that I have always given it as my impression that there would be no war, for the reason that I have always believed that England and France would have sufficient influence to prevent it. But to my surprise I now learn from Mr. Collantes himself, as well as from the * *

* * * * *

that in the matters of recent complaint the Spanish government have rejected, in the most emphatic manner, the proffered intervention of the before mentioned powers. * * *

* * * * *

I remain, very respectfully, your obedient servant,

A. C. DODGE.

Hon. LEWIS CASS, *Secretary of State*.

[Translation, No. 1.]

The excesses committed in "San Luis Potosi," by the constitutional troops, upon the subjects of her Catholic Majesty, induced the Captain General, governor of Cuba, to send to Tampico some vessels of war, in order to guard against the repetition, at the last named point, of the outrages suffered at the former place. These vessels entered the harbor of Tampico with permission from the governor of the place, and remained quiet spectators of the conflict which was then raging.

When General La Garza imposed upon the Spaniards a large war tax, putting in prison and injuring those who, from want of means, were unable to pay it, the Captain General of Cuba determined upon sending to Tampico other vessels of the royal navy. The expedition of these vessels has for its sole object that of obtaining from General La Garza reparation for the losses and damages caused to the subjects of her Catholic Majesty, refunding the amounts exacted from them, and satisfaction for these outrages. If, to obtain this end, it should

be necessary to employ force, any measures which may be adopted will tend exclusively to the accomplishment of that object, and to protect the Spaniards against the excesses of the Mexicans. These measures will have to be proportioned to the extent of the evil they may have to encounter, but will never have any other object than the one above indicated. The instructions given to the commander of the frigate "Berenguela," who is the chief on the station of Tampico, also includes the protection of other foreign subjects whose interests may be prejudiced.

The assembling a respectable naval force at Sacrificios (Vera Cruz) is for the same purpose. Knowing the tendency of the Mexicans to indulge in a bitter persecution of the Spaniards, the Spanish government has believed it to be its duty to assemble sufficient means to force them to respect the lives and property of its subjects.

These two expeditions do not tend, in any manner, to interfere in the interior affairs of the Mexican republic.

NAVY DEPARTMENT, *December 15, 1858.*

SIR: I have the honor to acknowledge your reference to this department of the resolution of the House of Representatives of the 13th instant, requesting the President (if not inconsistent with the public interest) "to communicate all information in his possession, or which may shortly come into his possession, respecting the reported recent acts of visitation by officers of the British navy of American vessels in the waters of the Gulf of Mexico," and to lay before you copies of two despatches, Nos. 52 and 53, and their enclosures, recently received from Flag Officer James Mc. McIntosh, commanding Home squadron, which contain all the information the department has on the subject.

I have the honor to be, your obedient servant,

ISAAC TOUCEY,

Secretary of the Navy.

FLAG-SHIP "ROANOKE,"

Off San Juan del Norte, November 26, 1858.

SIR: I have the honor to inform you that I arrived off this place at 5 o'clock last evening. The "Savannah" is in the river, and the officers and men are in good health, having but eleven on her sick report. The "Jamestown" left a few days since for fresh sea air, and would touch at Aspinwall and return here immediately. I regret to learn she has some thirty cases of the fever. Should they not have

lessened I will send her on her arrival immediately back to Aspinwall as perhaps the most healthy of the two places.

The "Washington," mail steamer, arrived here on the 18th instant, and is now firing up for Aspinwall. Her passengers are still on board there being no means to take them either across the country or to San Francisco had they reached San Juan del Sur. The "Herman" left Panama direct to San Francisco. I anticipated precisely what has occurred, as I informed you in a previous letter.

The "Valorous," Sir W. C. Aldham, with Sir William Gore Ouseley on board, is now the only English vessel of war in the river. I have heard a report that an officer was sent from her to board the "Washington" after she had been inspected and passed by the "Savannah," and who put some very improper interrogatories to her captain, and that Captain Wainwright, in the "Leopard," was despatched in great haste to the Colorado river in search of two hundred filibusters, which rumor stated had been landed from the "Washington" at that point, and that he sent a boat on board the American steamer "Catharine Maria," then lying in that river, to ascertain the correctness of the report. I am taking immediate measures to get full particulars from Captain Jarvis, and will report them in full by the next opportunity; but, according to my present understanding of the matter, it looks like a renewal of the scenes which lately occurred around the island of Cuba, changed only to filibusters for Africans. You may rely on my taking prompt and efficient measures to protect the honor of our flag should it become necessary; and, if really her Britannic Majesty's officers have instructions to board and examine American merchant ships for filibusters, under the very guns of the ships of my squadron, the time must be very short before the most serious consequences may be anticipated. But I hope some explanation may be made, so soon as I can investigate the matter, which may give a more favorable aspect to the course said to have been pursued.

The "Valorous" saluted my flag this morning, which was promptly returned. I write in haste to get my letter off by the "Washington."

I have the honor to be, sir, very respectfully, your obedient servant,

JAS. MC. MCINTOSH,

Flag-Officer, Commander-in-Chief, Home Squadron.

HON. ISAAC TOUCEY,

Secretary of the Navy.

No. 53.

FLAG-SHIP ROANOKE,
Aspinwall, December 3, 1858.

SIR: I had the honor, on the 26th ultimo, in my No. 52, to inform you of my arrival at San Juan del Norte, on the evening of the 25th,

and also that the "Washington" had arrived, her passengers still on board, without the prospect of crossing the country by that route. She left on the 26th for Aspinwall, and has again returned to the United States with a large portion of her deceived passengers; verifying, I regret it on many accounts, precisely what I reported to you might be expected in my letter No. 48, under date of 16th of October last. That route may, therefore, for the present, be considered as closed.

The "Valorous," Captain W. C. Aldham, was the only British vessel-of-war in port when I left. Sir William Gore Ouseley and family were still on board.

I reported to you that I had verbally learned that the "Washington" had been examined by boats from the "Valorous," subsequently to her being boarded and passed by Captain Jarvis, of the "Savannah;" that Captain Winwright, in the "Leopard," had been despatched in great haste to the Colorado river in search of "filibusters;" that she had boarded the American steamer "Catharine Maria," then at anchor in that river, with armed boats, in search of them; that I was taking immediate measures to get the full particulars from Captain Jarvis; and that I would report to you in full by the next opportunity.

Before I proceed further, however, I will here state that the reports in relation to the "Catharine Maria" were greatly exaggerated, and have been most satisfactorily explained to me by Captain Aldham, and that I have not the slightest reason to believe that another case, such as occurred on board the "Washington," will be repeated. I am, however, constrained to say that I believe, had Captain Aldham been left entirely to his own judgment, that such a proceeding would not have occurred at all.

I herewith enclose to you copies of the correspondence with Captain Aldham on this subject, by which you will perceive that he claims a protectorate over the harbor of "Greytown," (Nos. 1, 2, and 3.) I trust that my letters will meet your approval.

I should here state that my first letter to Captain Aldham reached him on Saturday, the 27th ultimo, and his answer was not received until Monday morning; but at the same time I received a private note of a most friendly character from Sir William Gore Ouseley, in which he stated that he had had interviews with both the President and yourself just previously to his leaving the United States. I had sent my card to him by my flag lieutenant, in the first boat that left my ship after my arrival, and desired him to express my regret to Sir William that the exceedingly bad weather and heavy sea prevented me from personally paying my respects.

You will perceive that my second letter to Captain Aldham is dated on the day his answer to my first was received. It was with a private note to Sir William Gore Ouseley sent in on that afternoon by my secretary, Mr. Zantzinger; in which I stated to Sir William that he might be confided in, as he had stated in his note "he would have been glad we should have met, as he would have been pleased to have had a little chat on subjects of mutual interest to both of us."

I would here inform you that, from the moment of my anchoring up to the time when I left San Juan del Norte, it was blowing a norther, with a heavy sea heaving in, the ship rolling the muzzles of her gun-deck guns deeply into the water, requiring the officers and men to get into and out of the boats by ropes and ladders, and the selection of the most active to do it even in that way. It was attended with great danger, and, in my weak state, precluded the possibility of my doing it, which was the only reason I did not wait on Sir William.

Mr. Zantzingler returned to the ship about 6 p. m., bringing with him Captain Aldham, of the "Valorous," and who, upon my invitation, at once consented, in consequence of the roughness of the weather, to remain with me for the night. A short period after his arrival, Mr. Synge, Sir William's secretary of legation, came on board, intending also to spend the night. I had determined when I sent Mr. Zantzingler in with my second letter to Captain Aldham to leave the anchorage as soon as he returned, for I could not remain longer there with the ship straining in every direction, the oakum starting from her seams, and the danger of injuring some portion of her engines. I therefore concluded, as I was obliged to leave, and as I thought it necessary you should receive the very earliest information as to all the facts, to return to Aspinwall, so as to meet the steamer of to-morrow. I requested Mr. Zantzingler to inform Sir William and Captain Aldham that I should proceed to Aspinwall when I left, and would be pleased to take any communications they might desire to send.

To this, most probably, and to a great desire, as Captain Aldham declared, to have an interview with me, I was indebted for the unceremonious visit of both him and the secretary of legation; the latter, no doubt, being sent by Sir William purposely, to remove all unfavorable impressions and talk over, rather than write further upon, the subjects at issue; which, in truth, I did not regret, for I was not insensible of the fact that, in such a correspondence, Captain Aldham would have the benefit of the advice and experience of Sir William. Captain Aldham and myself conversed most frankly upon the subject of the "Washington." He declared his having no intention of an interference with American vessels; his great desire to act in concert with me in endeavoring to prevent the landing of "filibusters;" that he could not possibly see the slightest cause for the apprehension of any difficulty; and that, so far as he was concerned, there should be none.

With Mr. Synge the conversation was equally frank. He, however, distinctly declared that England had never abandoned the protectorate, but that he believed before the 1st of January next the whole matter would be finally settled; that as to boarding and searching American vessels, they had already abandoned it, not from fear or pusillanimity, but because England felt she could do so honorably, and ought to do it, and it was not probable it was now to be revived; that there was certainly nothing secret or mysterious in Sir William's mission, as it was well understood in Washington: and that no officer in Her Britannic Majesty's service would be less likely to do any act

•

which could be construed as offensive, or as an interference with us, than Captain Aldham. In this conversation I had little to say, for my position had been taken in my correspondence and I desired there to leave it.

I do not pretend to give you the precise words of these free and frank conversations, but I have endeavored, so far as my memory serves me, to give you their meaning literally; and if there was sincerity in them, of which I have not the slightest doubt, I am happy to say I can see at present no cause of apprehension on our part for a recurrence of the proceeding. I was much pleased with both the gentlemen, and everything was done by Captain Gardner and myself which hospitality or kindness could dictate to make them comfortable and at home. They left the ship fully so impressed.

Sir William Gore Ouseley is expected to reach this on Monday next in the British mail steamer.

I have to state to you the utter impossibility of this ship remaining at anchor off San Juan del Norte during the blowing of a norther. She has been more strained in the four days I was there in hull, masts, and rigging than she could have been in a dozen winter voyages across the Atlantic. These winds blow in squalls; and when they moderate the current from the river is running out with such velocity as to cause the ship to lay directly in the trough of the sea, and to roll most heavily, certainly endangering her masts and straining her engines. It is a bad anchorage even in the regular trades, for then, as was the case in the "Wabash" when she landed her men, the ship was rolling guns under; but in a norther, and this is the season for their recurring every few days, it is simply impossible without the utmost danger. No ship with too great a draught to enter the river should be kept there from November to March. Mr. Burton, the pilot, now informs me that he has more recently sounded thoroughly the bar, and, as a constant thing, twenty-three feet is all that can be found; but that, occasionally, as was the case sometime since when the "Savannah" entered the river, twenty-five feet were found in two instances. Such a variation makes it too precarious for this ship ever to enter the river.

The "Jamestown," I regret to say, left here with our mails before my arrival; but, as she has had fair winds, and I ordered her immediately back, I hope to receive any despatches she may have for me in a few days, and I shall await here her arrival.

I herewith also transmit the petition of a town meeting, held at San Juan del Norte on the 18th ultimo, addressed to Sir William Gore Ouseley, and the response of Sir William. These papers I only received from Mr. Cotrell, our commercial agent, just previous to getting underweigh from that place.—(Nos. 4, 5, 6.)

I have the honor to be, sir, very respectfully, your obedient servant,
JAS. MC. MCINTOSH,

Flag-Officer, Commander-in-chief Home Squadron.

Hon. ISAAC TOUCEY,

Secretary of the Navy.

No. 1.

FLAG-SHIP ROANOKE,
Off San Juan del Norte, November 26, 1858.

SIR: I enclose to you the copy of a report made to me to-day by Captain Joseph R. Jarvis, commanding the United States ship "Savannah." It relates, as you will perceive, to the visit to the American steamer "Washington" by two of the officers of her Britannic Majesty's navy, attached to the ship under your command. I have also a verbal report relative to the boarding by Captain Wainwright, of her Britannic Majesty's ship "Leopard," of the American steamer "Catharine Maria," in the Colorado river, in search, it is said, of filibusters.

Of the last act I am, as yet, but imperfectly informed. In both cases, however, quite enough has been ascertained to cause me deep regret at the course pursued, and much anxiety, if persevered in, or again repeated, of maintaining the peaceful relations at present existing between our two governments.

My instructions are most rigid in relation to the boarding, delaying, or examining of American merchant vessels by the vessels-of-war of any other nation, and I see no difference between the doing so, whether in search of filibusters or Africans. They look to no such difference, and it cannot for a moment be admitted. These instructions must be executed to the extent of the power intrusted to my command, and I assure you that it will be most agreeable to me if it can be done without the slightest misunderstanding in relation to our respective duties, and still preserve the peaceful relations which now, and I hope may continue to exist between our two nations. To secure this most desirable end, vessels under the American flag calling at the ports of Central America must be exempted from visit or search on any account.

A part of my duty here, with a portion of the squadron under my command, is to prevent the landing in Nicaragua, Costa Rica, and the other republics of Central America, all filibustering or other illegal expeditions, should any attempt it, from the United States, under the American flag; and the officers in command of the ships of my squadron are strictly instructed upon this point. There can, therefore, be no possible excuse for the interference by the ships-of-war of her Britannic Majesty's navy with vessels under the American flag, and it is to be hoped that the officers commanding them will desist from creating all unnecessary excitement and the danger of an interruption to the good understanding which at present exists, particularly as I received, under date of the 7th July last, the assurance of Commodore Kellett that he had issued instructions to the respective captains and commanders of the ships and vessels under his orders.

"to cease visiting or interfering with American vessels in these waters."

I have the honor to be, sir, very respectfully, your obedient servant,

JAMES Mc. MCINTOSH,

Flag Officer, Commander-in-Chief Home Squadron.

Sir W. C. ALDHAM, K. C. B.,

Commanding her Majesty's steam-frigate "Valorous."

UNITED STATES SHIP "SAVANNAH,"

San Juan del Norte, November 20, 1858.

SIR: I have the honor of informing you that since I wrote you this afternoon I have the following information:

Two officers from one of the British ships in the harbor boarded the "Washington" within fifteen minutes after she came to anchor, and asked Captain Churchill the following questions: "Where-from?" "How many passengers have you?" "How many days out from New York?" "Did you stop at any port on your way out?"

These questions were answered. They then wished to look at his passenger list. Captain Churchill referred them to his purser. On looking over the list which they received from the purser, they asked "how many passengers have you?" He answered by stating the number. "Are they all Americans?" "No; they are of various nations." "Are they armed?" "Not any to my knowledge." "Did the American officers who boarded you examine your hold?" "No." Mr. King, the first mate, who was present at the interview, remarked that if they (the officers) wished any information on the subject they might obtain it by applying to one of the American ships-of-war in the harbor. They replied "that their instructions were to obtain their information direct."

The above is all the information I have received; and I shall await your further instructions upon the subject.

I am, sir, very respectfully, your obedient servant,

JOSEPH R. JARVIS, *Captain.*

Flag Officer JAMES Mc. MCINTOSH,

Commander in Chief Home Squadron.

No. 2.

HER MAJESTY'S SHIP "VALOROUS,"

Greylown, November 28, 1858.

SIR: I have the honor to acknowledge the receipt of your letter of the 26th instant, enclosing a copy of a report made to you by Captain Jarvis, of the United States ship "Savannah," relating to the visit, on the 17th instant, of two officers of her Majesty's ship under my

command to the American steamer "Washington," which had just anchored at this port.

In reply, I must express my great regret that you should consider the act of visiting an American merchant vessel within this port, which is under the protection of Great Britain, for the purpose of obtaining the information which is usually required by all civilized nations from vessels entering their harbors, or those under their protection, or in any friendly port, in the same light as the delaying, boarding, and examining of an American vessel on the high seas in search of slaves or pirates; and I still more deeply regret that my acting in accordance with established usages in this respect should cause you to apprehend any such grave danger as that to which you allude.

I trust to remove from your mind any misunderstanding as to my acts and intentions, and beg to assure you that in carrying out my instructions, which are of a similar nature to those which you have received from your government, and which you have been kind enough to communicate to me, it will be my earnest endeavor and my most pleasing duty to act in a spirit of perfect frankness and cordiality with the flag officer, or any other officers of the United States forces on the station.

There are some circumstances which appear to have escaped your attention, and which I beg to bring to your notice.

The "Washington" had been boarded by the United States ship "Savannah" previous to my sending a boat to her, and as she had been permitted to enter the harbor, it was evident, judging from the declarations of the United States government against all illegal invaders, that she was not employed by the filibusters, for in that case she would have been forbidden to enter the port.

After the "Washington" had anchored in this port, the usual and natural course of sending to make inquiries and obtain news was followed. No prohibition of all friendly intercourse between American merchant or passenger vessels and her Majesty's ships had been made known to me; such intercourse is customary in times of peace among all civilized nations, and is never objected to by her Majesty's officers when practiced by United States men-of-war to English merchantmen.

I beg to point out that such a hostile prohibition would have been in the present case highly inconvenient to some of the passengers on board who are English subjects, one of them, indeed, a British functionary proceeding with his family to one of her Majesty's possessions on the Pacific coast, and unless in case of actual warfare, such prohibition of intercourse appears quite unusual. None such now exists on board her Majesty's packets with respect to foreign men-of-war, either in this harbor or elsewhere.

I have to thank you, sir, for imparting to me the gratifying nature of your instructions respecting the filibusters, or others illegally attacking nations with whom our respective governments are in peaceful relation; such an honorable course was to be expected from the well known disposition and declaration of the United States government;

and it is highly satisfactory to me to acquaint you that my instructions are to a similar purport, and are actuated by the same spirit.

In order to convince you of the perfect frankness and cordiality with which I am desirous to act towards you, I will, if you will allow me to trespass still further on your time, lay before you at once, and without waiting till you communicate to me formally the reports on the subject which, as yet, have only reached you verbally, a clear statement of the circumstances under which I directed Captain Wainwright, of her Majesty's ship "Leopard," to proceed to the Colorado river.

Having received a notification from the authorities of the Nicaraguan and Costa Rican governments that a hostile force had landed, or were about to land, in the river Colorado, with a request that I would aid in preventing it, I immediately despatched Captain Wainwright in the "Leopard," to ascertain if such was the case.

Captain Wainwright left this port late in the afternoon of the 18th instant, and, it being dark, mistook the entrance of the river and anchored two or three miles to the southward of it. At daylight he weighed and anchored off the river, and in his own boat, accompanied by two others, pulled into the river, examining the banks on either side to see if there were any traces of a landing having taken place. In proceeding up the river he observed the "Catharine Maria" at anchor, and as he neared her perceived some persons on board with whom he was acquainted. He immediately went alongside in his own boat only, and going on board requested to be informed if they had heard or had seen anything resembling marauders or filibusters in the neighborhood; and being answered in the negative, Captain Wainwright left the "Catharine Maria" and returned to his own ship, weighed and was at anchor again in this port by noon of the nineteenth.

I trust, sir, that this frank explanation of the circumstances to which your letter alludes, will convince you that I have acted in no spirit of interference with American merchant vessels, and have not arrogated to myself any right which is not conceded by universal custom to the commanding officer of the naval forces in a port belonging to, or placed under the protection of his own nation.

I have the honor to be, sir, with great respect, your most obedient servant,

W. CORNWALLIS ALDHAM,
Captain.

Flag Officer JAMES Mc. McINTOSH,
Commander-in-chief Home Squadron U. S. Ships.

No. 3.

FLAG-SHIP "ROANOKE," OFF SAN JUAN DEL NORTE,
November 29, 1858.

SIR: I have the honor to acknowledge the receipt of your communication under date of the 28th instant.

As a justification of your act in sending officers from your ship to visit and examine American merchant vessels entering the port of San Juan del Norte, you inform me that "this port is under the protection of Great Britain." I am not, however, aware that my government has ever acknowledged such protection. On the contrary, my government has always repudiated it. The first article of the "Clayton-Bulwer convention" distinctly disavows it. I quote therefrom: "agreeing that neither will ever erect or maintain any fortifications commanding the same, or in the vicinity thereof, or occupy, or fortify, or colonize, or assume, or exercise any dominion over Nicaragua, Costa Rica, the Mosquito Coast, or any part of Central America."

If her Majesty's vessels board our merchant vessels for the purpose of examining the papers and cargo of those which enter the port of San Juan del Norte, as the officers from the "Valorous" did, then you "assume" to "exercise dominion," which the "Clayton-Bulwer convention" distinctly disclaims. Such construction I cannot for one moment recognize until further advised by my government; and, consequently, I must act under my present instructions, the tenor of which were communicated to you in my letter of the 26th instant.

I beg to express to you my entire satisfaction with your explanation in respect to the visit of Captain Wainwright, of her Majesty's frigate "Leopard" to the American steamer "Catharine Maria," in the Colorado river, and of which visit I stated to you that I was but imperfectly informed; but which I find, from your frank and clear representation, and for which I thank you, was very much exaggerated.

I regret, however, to find that I am misunderstood by you as objecting to a friendly visit from one of her Majesty's ships-of-war to an American vessel in this or any other port. Such was not my objection, for I am aware that it is customary to make such visits by the vessels-of-war of all nations, and they are constantly made to her Majesty's mail-packets by the ships of my squadron; but they are simply acts of courtesy, with offer of services, &c. The "Washington" had been boarded by an officer from the United States ship "Savannah," in obedience to my instructions to Captain Jarvis in relation to all American vessels bound into the river, or that should appear off this port, and she was strictly examined, particularly as to improper persons who might be forcing themselves into Nicaragua and Costa Rica.

She was found to be in all respects regularly cleared, her passengers unexceptionable, and she was therefore permitted to enter the river. Under other circumstances the "Washington" would have been, as you justly infer, prevented from going in. A friendly visit

from a boat from your ship after the "Washington" had anchored would never have been made by me the subject of complaint. But the inquiries which were propounded by the boarding officers from your ship looked at once into a thorough investigation and examination of the ship, and to the manner in which the United States officers had performed their duties. This I considered as exceeding what would be characterized as a *friendly visit*, to which I called your attention, and which I am constrained still to consider as unnecessary on the part of the officers under your command.

I trust, however, from the frank and friendly tenor of your letter, and which I assure you in no one point exceeds my own, that we shall have no interruption to our friendly relations in the execution of our respective duties.

I have the honor to be, sir, with great respect, your obedient servant,

JAS. Mc. McINTOSH,

Flag Officer, Commander-in-chief, Home Squadron.

Sir W. C. ALDHAM, K. C. B.,

Commanding her Majesty's Steam Frigate "Valorous."

No. 4.

UNITED STATES SHIP SAVANNAH,
San Juan del Norte, November 20, 1858.

SIR: On the 17th instant I had the honor of informing you that I had called upon Sir William Gore Ouseley, and that he had stated to me that he should sail for Aspinwall in two or three days. He now informs me that it is uncertain when he sails, and I have therefore thought it best, as the "Jamestown" was going to sea for a short time on account of the health of her crew, to send her to communicate with you.

Sir William appears to be very busy in diplomacy, but we have not been able to ascertain what about. He appears to be in constant communication with Mr. Green, her Britannic Majesty's consul. Mr. Banuel, the reported consul for Nicaragua to this place, was received on board the "Valorous" with seven guns.

On the 18th, at 1 o'clock, the "Washington" steamer arrived from New York, with three hundred and thirty passengers, bound to California. Her clearance, &c., is perfectly correct. At 5.30 p. m. Colonel Childs proceeded up the river San Juan in the "Catharine Maria," bound to Nicaragua, to try and obtain permission to carry them over the transit to San Juan del Sur. Should he not obtain it, the "Washington," on the 26th, will leave this port for Aspinwall. At midnight the "Catharine Maria," not finding water enough, returned and went outside to the Colorado river.

There was a town meeting held at Greytown on the 18th instant, and certain resolutions passed, a copy of which I am trying to obtain.

I herewith send you a copy of a letter received from Mr. Cotrell upon the subject of the town meeting.

At 4 p. m. of the 18th the "Leopard" sailed from this place and stood to the eastward, and the morning of the 19th returned and anchored here. Captain Wainwright informed me that he was on board the "Catharine Maria" in the Colorado river. At about 9 p. m. of the 18th Captain Aldham came on board and asked me what I thought of the steamer "Washington." I told him I had no doubts of her being engaged in a lawful pursuit; that her clearance, &c., was all correct. He said he thought so too; that he had heard a report that she had landed at the Colorado river over two hundred men, under the command of General Henderson. I told him that I did not believe a word of it; that it was all humbug. He said he agreed with me.

The "Leopard" sailed to-day on her way to England.

Our sick list is on the increase, and I shall take a cruise on the return of the "Jamestown," unless otherwise ordered by you. We have twenty-one with intermittent fever, one with remittent, and one with scurvy. The cases generally are very light. I cannot account for the increase. For the past fortnight there has been remarkably fine weather for this place.

I am, very respectfully, your obedient servant,

JOSEPH R. JARVIS.

Flag Officer JAMES Mc. McINTOSH,
Commanding Home Squadron.

SAN JUAN DEL NORTE,
November 20, 1858.

DEAR SIR: I have ascertained that a public meeting was held on the 18th instant, at the Station House in this town, and a petition was yesterday sent to Sir William Gore Ouseley, her Britannic Majesty's plenipotentiary, signed by some seventy of the residents of this place, requesting him to aid them in maintaining an independent government for this port, setting forth that they had for several years past a government of their own, made their own laws, elected their own officers, and managed their own affairs *independent* of Nicaragua, Mosquito, or any other power; that it was, in the opinion of the petitioners, absolutely necessary that there should be *one* place in Central America where the *people* ruled, and claiming that the government here had been established and conducted on this principle, and had always afforded shelter and protection to Nicaraguans and Costa Ricans, and others, during the troubles which for the last few years had disturbed the peace of the interior, &c. The petitioners also stated that only on one occasion since the establishment of their government had crime escaped unpunished, and that the case referred to was that of the murder of a Nicaraguan by a captain of a transit steamer on the San Juan river, who was shielded from justice by Mr. Solon Borland, while a minister of the United States in Nicaragua.

This petition was presented to Sir William Gore Ouseley yesterday, with what success I have not been able to learn.

Very respectfully, your obedient servant,

B. SQUIRE COTRELL.

Captain J. JARVIS, U. S. N.,
United States Ship Savannah.

No. 5.

Copy of a petition of citizens of Greytown, assembled at a public meeting, addressed to Sir William Gore Ouseley, her Britannic Majesty's plenipotentiary to Central America.

SIR: We, the undersigned, citizens and property-holders of the city of Greytown, or San Juan del Norte, would beg leave to state to your excellency that, from the first of May, A. D. 1851, the citizens of this place have exercised all the rights of a separate and independent government, under the title of the Free City of Greytown, or San Juan del Norte; have formed and adopted a constitution adapted to our wants; passed and enforced our own laws, regulated our finances and have been enabled, for the last seven years, to protect the public peace, the property and rights of our citizens and of those residing in or passing through this place, with the single exception of the bombardment and destruction of this place by the superior forces of the United States, in July, A. D. 1854; that this city and port have been declared, and is, a free port, in every sense of the word, the city levying no imposts, nor collects any revenues upon the commerce imported or exported into this city, nor upon the commerce of those States of Central America where exports and imports pass through this city and port. The citizens of this place are almost entirely foreigners, consisting of Americans, English, Frenchmen, Spaniards, Germans, and Italians. The merchants of this city are, almost without exception, foreigners. The real estate and improvements of the city have been made, built, and belong almost exclusively to foreigners. In fact, we may say we have no interest, except *commercially*, with the States of Central America; and it is the wish of the citizens of this place that this city of Greytown, or San Juan del Norte, remain a free and independent government, with a territory and jurisdiction attached, as is set forth in the constitution of 1852, its neutrality and rights being protected by the great powers of Europe and the United States; for we consider it absolutely necessary for the benefit of commerce and public safety that there should be *at least one place* in Central America where the commerce, as well as the lives and property of its citizens, should have security and protection; and we are perfectly satisfied that, as a free city, we are able to maintain such a position, and have been enabled so to do for the last seven years; and in no instance, but one, has crime escaped its just punishment in this city, and *that one* was the murder of Antonio Pali-

dino, a patron of a river bungo, who was killed by a Captain Smith, who was in command of a river boat belonging to the Accessory Transit Company of Nicaragua, and who was protected from arrest and punishment by Mr. Solon Borland, the American minister, in May, 1854.

We would therefore ask of your excellency, if compatible with your official position, to assist us in maintaining our position as a free and independent government, with full powers of regulating our own affairs, enacting and enforcing our laws, electing our officers, regulating our finances, and defending our territory, which rights we feel we are fully entitled to.

We remain, &c., &c.

Copy of the reply of Sir W. G. Ousely to the petition.

HER MAJESTY'S SHIP VALOROUS,
Greytown Harbor.

SIR: Owing to a severe attack of fever, I have been unable earlier to acknowledge the receipt, through Mr. Consul Green, of the memorial dated the 18th instant, and signed and attested by yourself, mayor of Greytown, to which are appended the signatures of a considerable number of residents and property-holders of this place.

With respect to the questions referred to in the memorial, I can only, at present, express my opinion that the whole subject of the relations, protectorate, and limits of the kingdom of Mosquito will no doubt shortly be taken into consideration in the proper quarter, with due respect for the rights, privileges, and interests involved, and, I cannot but believe, with results favorable to the prosperity and progress of all concerned.

I have to request you, Mr. Mayor, that you will be good enough to communicate this reply to the signers of the memorial, with my compliments, and to accept them yourself from your very obedient, humble servant,

W. G. OUSELY.

The MAYOR of *Greytown.*

TRANSPORTATION OF DESTITUTE AMERICANS FROM
VICTORIA TO SAN FRANCISCO.

LETTER

FROM

THE SECRETARY OF STATE,

ASKING]

*An appropriation to defray expenses for transporting destitute Americans
from Victoria to San Francisco.*

DECEMBER 16, 1858.—Referred to the Committee of Ways and Means and ordered to be printed.

DEPARTMENT OF STATE,
Washington, December 14, 1858.

SIR: I have the honor to enclose herewith a letter to the chairman of the Committee of Ways and Means, requesting an appropriation of five thousand dollars to defray the expenses of transporting destitute Americans from Victoria, Vancouver's island, to San Francisco, in one of the steamships of the Pacific Mail Steamship Company, and will thank you to give it the proper direction.

I have the honor to be, sir, your obedient servant,

LEWIS CASS.

Hon. JAMES L. ORR,
Speaker of the House of Representatives.

DEPARTMENT OF STATE,
Washington, December 14, 1858.

SIR: I have the honor to transmit herewith copies of letters from Mr. W. H. Davidge, president of the Pacific Mail Steamship Company, claiming, on the part of that company, compensation for the transportation, in one of their steamers, of seventy-four destitute Ameri-

TRANSPORTATION OF DESTITUTE AMERICANS

cans from Victoria, Vancouver's Island, to San Francisco, which, at \$20 each, amounts to \$1,480.

There is no appropriation from which this claim can be paid, and, as it appears from the letter of Mr. Davidge that similar cases are likely to occur, I have the honor to suggest the propriety of making provision for their payment, by an appropriation for that object of five thousand dollars.

I have the honor to be, sir, your obedient servant,

LEWIS CASS.

Hon. JOHN S. PHELPS.

*Chairman of the Committee of Ways and Means,
House of Representatives.*

PACIFIC MAIL STEAMSHIP COMPANY,
New York, November 16, 1858.

SIR: I have the honor to advise you that Mr. John Nugent sent from Victoria (Vancouver's Island) to San Francisco, by one steamer of this company, seventy-four destitute Americans, because "humanity and national pride forbid that they should die on a foreign soil." He states in his letter that hundreds would follow by another steamer. He does not assume to have the authority of our government, but acts from motives of charity.

Will you be kind enough to advise me whether there is no way of reimbursing this company for services thus rendered: and if no legal authority now exists, may I hope that you will submit the matter to the proper tribunal for action. Our agents concurred to a certain extent in this humane cause, but the burden is so heavy that we cannot assume it in justice to our stockholders. We cannot extend charity to an extent which clearly violates duty, but I will be too glad if the department can suggest some mode of relieving these unfortunates which will not throw this burden upon the shareholders, but may yet enable our company to prove an instrument in relieving misfortune without incurring loss.

With high respect, I have the honor to be, your obedient servant.

WILLIAM H. DAVIDGE,
President.

Hon. LEWIS CASS,
Secretary of State.

PACIFIC MAIL STEAMSHIP COMPANY,
New York, November 29, 1858.

SIR: I have had the honor to receive your letter of 17th instant, stating that if I would forward to the department "an account for the transportation of our unfortunate countrymen" you would submit "the same to Congress with a favorable recommendation."

I accordingly enclose a certificate of the secretary of this company of the number transported and of the price of passage charged other passengers in the same steamer. As further accounts of this nature are received they will be transmitted to you.

I indulge the hope that Congress will at an early day indicate the course to be taken in this matter, and that it will be unnecessary to deny to these unfortunate men the means of reaching American soil. Having in charge solely the interests of stockholders, it is neither within the discretion of myself nor any subordinate officer or agent of the company to expend the money of others for charitable purposes, but I may renew to you the assurance that we will exert every effort and use our power to prevent destitution and suffering among our countrymen at Vancouver's Island.

I will only add that the rate of passage by the steamer in question was about two-thirds the usual rate of passage.

I have the honor to be, very respectfully, your obedient servant,
WM. H. DAVIDGE,
President.

Hon. LEWIS CASS,
Secretary of State, Washington.

PACIFIC MAIL STEAMSHIP COMPANY,
New York, November 29, 1858.

I certify that, at the request of John Nugent, special agent of the United States government at Victoria, Vancouver's Island, the company transported from that port to San Francisco, California, seventy-four destitute Americans in its steamer "Northerner," which left the port above mentioned on the twelfth day of October, 1858.

The rate named for each passage in the steerage was \$20, which will make the amount due the Pacific Mail Steamship Company, for the service, fourteen hundred and eighty dollars, (\$1,480.)

FREDERIC HOFFMAN,
Secretary.

I regret to have to say that I never have, at any time, seen more than twenty scholars at the above school; still I hesitate to doubt the veracity of Mr. Jackson and the teachers, who claim the above number of sixty-four; and with this explanation I sign the account.

WM. E. MURPHY, Indian Agent, Pottawatomie.
